Intel, the Intel Logo, Intel Inside, Intel Core, and Core Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

* As of August 17, 2018 based on internal ASUS market analysis comparing ZenBook 13/14/15 laptop size to competing products in their class (laptops with a screen measuring 13.3 inches, 14 inches and 15.6 inches) from vendors including Acer, Apple, HP, Huawei, Lenovo, Microsoft and Samsung.

In Search of Incredible

ASUS is passionate about technology and driven by innovation. We dream, we dare, and we strive to create an effortless and joyful digital life for everyone. We're always in search of incredible ideas and experiences, and we aspire to deliver the incredible in everything we do. Our extensive product portfolio includes motherboards, graphics cards, optical drives, displays, desktop and all-in-one PCs, laptops, netbooks, servers, multimedia devices, wireless solutions, networking devices, tablets and smartphones, and even robotics. Our results speak for themselves. We're the No.1 consumer laptop brand in Asia-Pacific, and a top-three vendor of consumer laptops globally. We're also proud to be world's best-selling, most award-winning motherboard brand. Driven by the core values of lean thinking, innovation, aesthetics and achieving results, ASUS won 4,511 awards in 2017 – and the total revenue for 2017 was approximately US\$13 billion. The combined talent of 16,000 international employees, including a world-class R&D team of 5,000 engineers, has elevated ASUS to become one of Fortune magazine's World's Most Admired Companies in 2018.

No. 1 Motherboard Brand in the World

ASUS makes the world's best-selling, most award-winning motherboards, shipping over 500 million units since 1989. They also form the reliable heart of every ASUS laptop.

One of the World's Most Admired Companies

ASUS has been named as one of the top 10 World's Most Admired Companies by Fortune Magazine in 2018, for its contribution to the computer industry.

4,511 Awards in 2017

In 2017 alone, ASUS earned 4,511 awards from some of the most prestigious international organizations and media groups around the world.

ASUS Green Technology

ASUS was the first global IT company in the world to achieve EU Ecolabel certification for laptops, and achieved 31,068 similar labels globally in 2017.

Most Valuable International Brand from Taiwan

ASUS is ranked as the most valuable international brand from Taiwan for the fifth consecutive year in the 2017 Taiwan Global Brands Survey, conducted by world-leading brand consultancy Interbrand.

Top 100 Global Technology Leader

ASUS has been named as a 2018 Top 100 Global Technology Leader by Thomson Reuters, reaffirming the company's position as a top technology brand.

39,434 Awards Won Since 2008

ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world's most admired leading enterprises in the new digital era. Our ongoing efforts continue to receive worldwide recognition for every aspect of product development, including design, innovation, technology, quality, service, and energy efficiency. Since 2008, ASUS has earned a total of 39,434 awards from some of the most prestigious international organizations and media groups around the world. Each award is a testament to our relentless quest and commitment to creating solutions designed for everyone to joy.

Fortune Magazine named ASUS as one of the World's Most Admired Companies 2018, the definitive ranking of corporate standing.

ASUS products won 15 Good Design awards in 2017. Each Good Design award recognizes excellence in design and engineering.

ASUS products won 7 CES® 2018 Innovation awards in 4 categories, recognizing the highest standards in product design and engineering.

ASUS products won 15 iF Product Design awards in 2018. iF Design awards are recognized worldwide as a seal of quality.

ASUS won 16 Red Dot Awards, recognized professional design, worldwide, in 2018, bringing the company's total since 2001 to almost 100 Red Dot Awards.

ASUS won 35 Awards in 2018. Taiwan Excellence awards are the highest standards in product design and engineering recognized by government.

Ensuring The Best Quality Laptops

Durability is a hallmark of ASUS design. We strive to create devices that exceed expectations in any environment. That's why ASUS laptops undergo a rigorous torture-test regime, including military-grade testing to the demanding MIL-STD-810G standard*. Using up to 12 separate tests in environmental conditions, we hope you'll never encounter. So whether you're an urban explorer or an Arctic trailblazer, you can rest assured your laptop is ready for the worst that life on the road can throw at it.

Drop Test

Drop tests check the resistance of the chassis and internal components to damage from unexpected drops.

Vibration Test

Extensive vibration testing ensures that the chassis and internal components can withstand even the most extreme travel conditions.

Panel Resistance Test

Panel resistance tests ensure that the display can endure unexpected bumps or pressure.

Enhanced Hinge Test

Vigorous testing with over 20,000 open/close cycles helps ensure exceptional hinge strength.

Shock Test

Shock tests ensure a laptop can withstand unexpected impacts such as accidental bumps, or jarring movements during shipping.

Keyboard Test

To ensure ultimate keyboard durability, specially designed ASUS robots test individual keys with millions of keystrokes.

Accelerated Life Test

These simulate the effects of long-term operation, so engineers can identify any possible design or component vulnerabilities.

EMI Test

This ensures that ASUS laptops perform well in internal or external electromagnetic fields.

Port Test

Port tests ensure that contacts and plugs are durable even in environments where devices are frequently connected and disconnected.

Altitude Test

This tests the ability to survive extremes of altitude encountered in shipping by air or air travel.

Noise and Audio Test

Laptops undergo fan, hard drive, and power-supply noise tests to ensure the quietest performance possible.

Temperature Test

Extremely high or low temperatures tests ensure laptops' functions consistently for users everywhere.

*Selected ZenBook and ASUSPRO models will be tested according to the demanding MIL-STD 810G military-grade standard to ensure maximum reliability and durability and the number of tests passed by each laptop model is shown in the individual model's specifications sheet.

ASUS Pick-Up & Return Service From Your Doorstep

ASUS provides the service you need. Beyond our 2-year global warranty, we offer a premium Pick Up & Return Service for customers and dealers. For customers, this allows you to **request door-to-door service**, or you may just drop your ASUS notebook or tablet at your nearest retailer.

5 simple steps to apply ASUS Pick Up and Return Service for Laptops, Mobile & Tablet

Say hello to the intelligent touchpad

ScreenPad™ is an exciting new way to work with your laptop. It's an interactive display with helpful functions that intelligently adapt to match whatever you're doing, making it easier and quicker to multitask and get things done. It can change functions automatically when you switch apps, and you can create your own shortcuts. You can also extend your Windows desktop onto ScreenPad™!

Effortless performance

Packed with state-of-the-art components, ZenBook Pro 15 is built to handle anything you can throw at it without a fuss. It's capable of shaming many desktops, and its high-performance processor, ultrafast storage and gaming-grade graphics let you blitz through the most demanding tasks faster than ever before. ZenBook Pro 15 will never keep you waiting.

18.9 mm thin
1.88 kg weight

Unleash your creative power

The all-powerful, all-conquering ZenBook Pro 15 is faster and more sophisticated than ever before, with the jaw-dropping new ScreenPad™ that adapts to your needs for effortless control and enhanced efficiency. Experience the professional power of its up to Intel® Core™ i9 hexa-core CPU, GTX 1050Ti GPU, 1TB PCIe® SSD, Intel® Gigabit Wi-Fi and Thunderbolt™ 3 ports, while enjoying immersive multimedia on its 4K UHD NanoEdge PANTONE® Validated display and powerful Harman Kardon-certified audio system. With ZenBook Pro 15, you don't have to wait for the future: you can touch it, right here and right now.

The world's smallest 13 inch laptop

Creativity. Style. Innovation. These are the qualities that define the elegant new ZenBook 13. Everything in this take-anywhere masterpiece — it's one of the world's smallest 13-inch laptops — is designed to give you the freedom to discover your creative power, including its breathtaking frameless NanoEdge display. You'll appreciate not only the tremendous power within and the thoughtful attention to detail — such as the exclusive ErgoLift hinge and NumberPad touchpad — but also the timeless beauty of the design, with its sensational Royal Blue or Icicle Silver finish enhanced by the new Rose Gold trim panel.

Ultraportable, redefined

ZenBook 13 heralds a new era of ultraportable design, with an ultracompact, ultralight chassis that makes it the world's smallest laptop series! None of the traditional ZenBook style has been lost, though: there's the iconic Zen-inspired spun-metal finish on the lid and a choice of prestigious Royal Blue or sophisticated Icicle Silver finishes, both newly enhanced with a contrasting Rose Gold trim panel above the keyboard for an extra touch of luxury.

Ultra-thin and light

ASUS ZenBook Flip S is a timelessly elegant masterpiece, exquisitely crafted from solid aluminum. The chassis is forged from a single block of metal that's carefully honed until it's a mere 10.9mm thin. Weighing just 1.1 kg, it's effortlessly portable. And because it's made from premium, aerospace-grade aluminum, it's lighter than standard laptop alloy but 50% stronger.

Completely connected

ZenBook Flip S includes all the accessories you need for a perfect mobile experience. A black leather sleeve keeps it safe from scratches, and an all-in-one USB-C™ Universal Dock gives you all the ports you need, including an SD card reader, LAN, VGA, HDMI, standard USB 3.0 and a USB-C™ port for charging. Connecting to all your devices at home or in the office is incredibly easy with ZenBook Flip S.

ASUS Pen & Windows Ink

Artists, photographers and designers will love the endless possibilities that ZenBook Flip S has to offer. With full support for the ASUS Pen and Windows Ink, it's the perfect choice for creativity. ASUS Pen is an active stylus with a slim and elegant aluminum design and a premium feel. It's the perfect accessory that allows you to accurately draw, write or annotate in any supported app. Windows Ink allows you to create sticky notes, capture ideas and details – as they happen. You can even take a screenshot and share it in one click.

Ready to go, anytime

Designed for effortless portability, ZenBook 13 is just 13.9mm thin and 1.12kg light, with a slim-bezel NanoEdge display that makes it much more compact than a typical 13-inch laptop. With ZenBook 13, you're always ready to go anywhere at a moment's notice.

Dare to be different

When it comes to looks, VivoBook S doesn't do boring traditional laptop colors. Instead, it has striking hues that let you express yourself, adopting a color-blocking approach to pair the bright and bold with more subtle colors for a laptop that visually pops. VivoBook S has four exciting hues that tell the world who you are. Whatever your style and outlook, VivoBook S has a color combination to match it.

Give yourself a lift

Open up VivoBook S for a world of productivity and possibilities. Its precision-engineered ErgoLift hinge has a silky-smooth dual action that holds the display securely at any angle, and slightly tilts the keyboard up by 3.5° to give you a perfect typing position every time. The ErgoLift hinge also improves cooling for a stable computing experience.

Lighten the load

VivoBook S is the ultraportable that doesn't weigh you down. It's just 18mm thin and 1.8kg light, simply slip VivoBook S into your messenger bag or backpack, and away you go!

18mm thin 1.4 - 1.8kg weight

up to 86% screen to body ratio

See more, do more

The new NanoEdge display on VivoBook S continues to push the boundaries of what's possible — the new three-sided NanoEdge display now has an even narrower bezel along the top and sides of the display. This results in an 86% screen-to-body ratio that provides unrivaled immersion in a much more compact package.

4.3 mm

Thin bezel

89 %

Screen to body ratio

See and do more on a frameless display

The chic VivoBook S13 breaks boundaries, and is the first ASUS laptop to feature a stunning frameless four-sided NanoEdge display, giving you a 4.3mm-thin bezel for an astounding 89% screen-to-body ratio.

Lightening your load

VivoBook S13 is the ultraportable that doesn't weigh you down. It's just 17.9mm thin and 1.2kg light, simply slip S13 into your messenger bag or backpack, and away you go! The new frameless four-sided NanoEdge display helps keep dimensions to a minimum. For a 13-inch laptop, S13 is surprisingly compact and lightweight with a chassis size that's only slightly larger than an 11-inch laptop for true go-anywhere computing.

Give yourself a lift

Open up VivoBook S13 for a world of productivity and possibilities. Its precision-engineered ErgoLift hinge has a silky-smooth dual action that holds the display securely at any angle, and adds a 2.5° keyboard tilt to give you a perfect typing position every time.

2.5

degree

It's all in the details

The stylish VivoBook S13 features an aluminum construction and is available in Icicle Gold, Rose Gold, and Transparent Silver. The Icicle Gold option comes with a complementary brushed finish around the keyboard for a premium feel –it's these little details that make S13 unique.

Immersive visuals, easy portability

ASUS VivoBook is the perfect combination of beauty and performance. Available in multiple colors and finishes, VivoBook 15 is a Windows 10 laptop powered by a 8th Generation Intel® Core™ i5 processor with 4GB RAM and MX150 graphics*. With the large capacities of a HDD, it's the ideal laptop for daily computing and entertainment.

Thinner and lighter

ASUS VivoBook 15 is thinner and lighter than ever: It weighs just 1.7 kg and has an amazingly thin 19.4mm profile. It's an everyday laptop with the weight and compactness of an ultrabook.

NanoEdge display with ultra narrow bezel

Fitting a 15.6-inch Full HD display into a frame size that's typical of a 14-inch laptop isn't easy – but the ultrathin bezel of the NanoEdge display on the VivoBook 15 makes it possible. With the 7.8mm bezel on the NanoEdge display, VivoBook 15 has an incredible 80% screen-to-body ratio – so you get more screen for more immersive viewing.

Amazing performance

ASUS VivoBook 15 is powered by up to the latest 8th Generation Intel Core i5 processor, with 2GB MX150 graphics* for smooth visuals and great gaming experiences. It also features dual-band 2x2 802.11ac* Wi-Fi for superfast internet connections.

Productivity and entertainment, everyday

A perfect combination of beauty and performance, the stylish A407 is powered by a Intel® Core™ i5 processor with 4GB RAM, and intergrated graphics. It's the ideal laptop for daily computing and entertainment.

Stylish and compact design to keep you on the go

A407 is extremely portable and weighs just 1.5 kg. It's an everyday laptop that keeps you productive and entertained – anywhere. And the stylish A407 is available in an eye-catching brushed finish in Icicle Gold and Star Grey.

Immersive visuals

With the 7.1mm bezel on the NanoEdge display, A407 has a 73.8% screen-to-body ratio – so you get more screen for more immersive viewing.

Amazing performance

A407 is powered by an Intel® Core™ i5, with 4GB DDR4 RAM and intergrated graphics for smooth visuals. From daily computing tasks to entertainment, this versatile laptop has everything you need.

ASUS X570

Productivity and entertainment, everyday

Model	Processor	Operating System	Display	Graphic Card	Memory	Storage	Connectivity	Interface	Price	Warranty
X570ZD	AMD Quad Core R5-2500U Processor, 2.0 GHz (2M Cache, up to 3.6 GHz)	Windows 10 Home	15.6" 16:9 FHD (1920x1080)	GeForce® GTX 1050 GDDR5 4GB	DDR4 4GB	SATA 1TB HDD	802.11ac + Bluetooth™ 4.2 (Dual band) 2*2	1 x COMBO audio jack; 1 x USB 3.0 port; 1 x USB 3.1 Type C gen1 port; 2 x USB 2.0 port; 1 x RJ45 LAN Jack; 1 x HDMI 1.4	RM2,899	2 Years Global Warranty

Amazing performance

ASUS X570 is a slim and lightweight high-performance laptop that's powered by the latest generation Intel® Core™ processor. It delivers stunning visuals thanks to a FHD display with 100% sRGB color gamut and high-quality GeForce® GTX 1050 gaming-grade graphics. On top of that, it boasts a dual-storage design that combines the fast data speeds of a 128GB SSD with the large capacities of a 1TB HDD.

A stunning finish with colored edges

ASUS X570 sports an eye-catching look — with a smart and sophisticated Reaper Black finish accented by Lightning Blue edges. Its 21.9mm profile and overall weight of 1.9 kg makes it one of the lightest high-performance laptops available.

FHD display for vivid visuals

The ASUS X570 combines optimized hardware and software to provide best-in-class visuals. A FHD panel with wide-view technology, 72% NTSC and 100% sRGB color gamut, and ASUS Splendid display technology provide richer, deeper and more accurate colors — for any type of content.

All-day productivity and entertainment

An everyday laptop deserves nothing less than all-day battery life, so to achieve its remarkable up to 9 hours of web browsing, we designed a special high-capacity 48Wh lithium-ion battery. And with ASUS fast-charge technology, a low battery can be charged to 60% in just 49 minutes.

Immersive visuals, easy portability

ASUS X505 is the perfect combination of beauty and performance. Available in several colors and finishes, ASUS X505 is a Windows 10 laptop powered by the latest generation AMD A9 processor with up to 4GB DDR4 RAM and R5 M420 graphics. With the large capacities of an HDD, making it the ideal laptop for daily computing and entertainment.

Thinner and lighter

ASUS X505 is thinner and lighter than ever – with an amazingly thin 20.35mm profile, it weighs just 1.65kg*. It's an everyday laptop with the weight and compactness of an ultrabook.

ASUS X505

Productivity and entertainment, everyday

Discrete Graphics Card

NanoEdge Display 7.8mm slim bezel

Portable Design

Up to 8hr battery life

Dual band 2x2 802.11ac

NanoEdge display with ultra narrow bezel

The ultrathin bezel of the NanoEdge display on the ASUS X505 allows a 15.6-inch Full HD display to fit into a frame size that's only slightly larger than those typically used in 14-inch laptops. The 7.7mm bezel on the NanoEdge display also results in an incredible 81% screen-to-body ratio – so you get more screen for more immersive viewing.

Amazing performance

ASUS X505 is powered by up to the latest generation AMD A9 processor with up to 16GB DDR4 RAM and R5 M420* graphics for smooth visuals and great gaming experiences. It also features dual-band 2x2 802.11ac Wi-Fi – so you'll enjoy super-fast online performance. * Specifications may vary by region

Featherweight design for those constantly on the go

The ASUS E203 is the world's lightest and most compact 11.6-inch laptop that is powered by up to the latest Intel® quad-core processors for unmatched productivity on the go. The ASUS E203 features up to a 500GB HDD*, convenient connectivity features including a reversible USB-C™ port and dual-band 802.11ac Wi-Fi, and up to a class-leading 10 hours of battery life. It is pre-loaded with Windows 10, and features Cortana voice commands and other Windows enhancements. The ASUS E203 is available in two elegant colors — Star Grey and Petal Pink.

Designed for mobility

The ASUS E203 is designed for those constantly on the go, and easily fits into a messenger bag or backpack. This 11.6-inch laptop weighs just 980g*, has an ultra-thin 16.9mm* profile and a footprint smaller than an A4 sheet. And with 10 hours of battery life, it means you can leave the power adaptor at home.

Productive performance

The ASUS E203 is powered by up to the latest Intel® Pentium® quad-core processor. It has up to a 500GB HDD and convenient connectivity including a reversible USB-C port, two USB 3.0 Type-A ports, HDMI output and dual-band 802.11ac Wi-Fi. The ASUS E203 is primed for productivity.

Cinematic audiovisuals

ASUS Tru2Life Video technology uses intelligent algorithms to optimize the sharpness and contrast of every pixel by 150 percent to produce incredibly vivid and realistic imagery. ASUS Splendid display technology optimizes imagery to provide richer, deeper and more accurate colors — for any type of content. The ASUS E203 also features dual speakers and ASUS SonicMaster technology for immersive surround-sound.

Ergonomic typing and larger touchpad

ASUS E203 has a full-size ergonomic keyboard with 1.6mm key travel for supreme typing comfort. Its large multi-touch touchpad is similar to those found on larger 14-inch laptops. It is designed for extra-sensitive responsiveness, with Windows Precision Touchpad (PTP) support and palm-rejection technology for effortless navigation with Windows apps and other features.

ASUS Transformer Book T101

Multiple Modes. Multiple Metallic Colors

Model	Processor	Operating System	Display	Graphic Card	Memory	Storage	Connectivity	Interface	Price	Warranty
 T101HA  	Intel® Quad-Core Atom™ x5-Z8350 Processor (2M Cache, up to 1.92 GHz)	Windows 10 Home	10.1" HD (Touch)	Intel® HD Graphics Gen8	2GB RAM	64GB EMMC	802.11ac + Bluetooth 4.1	Comprehensive I/O ports on tablet (USB, micro USB, micro HDMI, micro SD)	RM1,199	1 Year Global Warranty

One Laptop. One Tablet. One Device.

Transformer Book T101HA is fresh, vibrant and stylish. It's a lightweight ultraportable 10.1in laptop with up to 11hrs battery life, and its brand-new reversible hinge enables four versatile modes — tablet, laptop, stand and tent — to suit whatever you want to do! The durable metal finish has stylish honeycomb-inspired patterning on the keyboard area, comes in three fresh and vivid colors. It features Windows 10, a full-size USB port on the tablet and a quad-core Intel® processor. Weighing just 580g in tablet mode, it's everything you need for your mobile lifestyle!

Brilliantly Designed For Fun-Packed Freedom!

We designed Transformer Book T101HA using aluminum to make it tough, light and slim. It also feels great, and shrugs off everyday knocks and scuffs. With its fresh, vivid colors — Glacier Gray, Rose Gold and Mint Green — there's a T101HA for everyone. And the unique honeycomb-inspired pattern on the keyboard surround adds true individuality to T101HA —even the smallest details are important!

Four Versatile Modes To Match The Way You Work — Or Play!

Transformer Book T101HA's brand-new reversible hinge makes it even more versatile! Work productively in laptop mode, detach the tablet for catch up with your online life, flip it round and re-attach it to watch movies in stand mode, or use tent mode to share cool stuff with your friends and colleagues.

Enjoy Brighter, Sharper And Clearer Visuals

At 400cd/m2, the gorgeous display is one of the brightest screens in its class, as well as having wide viewing angles! Exclusive ASUS Tru2Life video enhancement and TruVivid direct-bonding technology ensure the best possible images in any situation, with sharp, realistic videos and fewer annoying reflections.

ROG Gaming Laptop

ROG Gaming Laptop

ROG SERIES

THE NEW STANDARD FOR ULTRAPORTABLE GAMING

Clever design and expert craftsmanship are required to put high-end chips into the slimmest gaming laptop ever. At just 14.95~15.75mm thin, the metal chassis and CNC-milled unibody lid make ROG Zephyrus S portable enough for life on the go and tough enough to survive everyday abuse. In one fluid motion of hidden scissor-door hinges, it transforms from svelte sidekick to gaming powerhouse.

AURA SYNC BEYOND THE GAMING KEYBOARD

The keyboard ensures precise input in the heat of battle, and it's built to last. You can customize the backlight colors and effects to suit your style, and another configurable RGB zone illuminates the AAS intake at the back. Aura Sync harmonizes lighting across compatible ROG mice, headsets, and other peripherals to give your setup a cohesive look.

ROG STRIX SERIES

PRECISION KNOWS NO BOUNDS

ROG Strix SCAR II brings you power and style for your FPS esports gaming. Boasting the world's first 144Hz super-narrow-bezel display with an ultrafast 3ms gray-to-gray (GTG) response time for ultra-accurate targeting, Strix SCAR II has no equals! To give you an edge in the heat of battle, powerful HyperCool Pro thermal system: this delivers the extreme cooling needed to squeeze every last drop of performance out of its 8th Generation Intel® Core™ i7 processor and GeForce® GTX 10-Series graphics. Upgrade your firepower with Strix SCAR II — it's the ultimate weapon for the fiercest gunfights!

RANGEBOOST FOR ZERO-DEAD-SPOT WI-FI CONNECTION

ROG Strix gaming laptops are the first in the world to feature multi-antenna Wi-Fi for 30% more range, higher Wi-Fi throughput, and fewer connection drops. Patented ROG RangeBoost technology combines four antennas located at the back and front of the machine with a unique algorithm that constantly scans and selects the best pair of antennas able to cover each other's dead spots, resulting in the strongest possible signal.

ASUS TUF Gaming Laptop

ASUS TUF GAMING FX505 / FX705

Gold Steel design with lighting logo

IPS-level NanoEdge display with 144Hz refresh rate

HyperCool Technology with Anti-Dust Tunnels and Fan Overboost

EXTREME IMMERSION ON AN ULTRAFAST DISPLAY

The new NanoEdge design has an even thinner 6.5mm bezel for extreme immersion in a much more compact package. FX505 features an IPS-level panel with up to an ultrafast 144Hz refresh rate for supersmooth gameplay with minimal motion blur. A 100% sRGB color gamut and wide-view angles ensure vivid and consistent colors, even when you're viewing it from extreme positions.

RGB-BACKLIT KEYBOARD

FX505 has a keyboard that's optimized for gaming, featuring RGB-backlighting* across all zones that can be controlled via the TUF Aura Core panel so you can express your own unique style. Exclusive HyperStrike technology ensures more accurate typing and improved ergonomics thanks to a desktop-inspired layout with a highlighted WASD key group, broader space bar, isolated arrow keys, and recognizable gaps between the function keys. In addition, Overstroke technology registers keystrokes faster for precise and effortless control.

ASUS TUF GAMING FX505 / FX705

IPS-level NanoEdge display

HyperCool Technology with Anti-Dust Tunnels and Fan Overboost

Immersive DTS Headphone:X™ surround sound

TOUGHER THAN STANDARD

Infused with the spirit of The Ultimate Force (TUF), FX505 passes a series of rigorous MIL-STD-810G tests, successfully surviving varying conditions including solar radiation exposure, high altitude, and temperature extremes. It's certified to endure day-to-day use, from accidental knocks to sudden drops on a desk. Durable and stable, FX505 has been pushed to the limit to ensure only the very best for gamers.

HYPERCOOL TECHNOLOGY IMPROVES DURABILITY

ASUS-exclusive HyperCool technology comprises of the Anti-Dust Cooling (ADC) system and Fan Overboost technology to ensure exceptional cooling during gaming marathons. Furthermore, cooling is also improved by the patented trapezoid-cut lid and intelligent parallel fan placement.
